

2005–06 Local Systemic Change Post-Classroom Observation Interview

After you have expressed appreciation to the teacher for allowing you to observe the class, ask the following questions:

1. Were there any ways in which the lesson was different from what you had planned?

2. What did this lesson tell you about what your students are learning and still need to learn in mathematics/science?

PROBE: How do you plan to further assess the students' learning?

3. What challenges have you faced in encouraging your students to be actively engaged in this mathematics/science class?

PROBE: How have you approached these challenges?

4. What is the next step for this class?
