

Privacy Notice

Information from this questionnaire will be retained by the National Science Foundation (NSF), a Federal agency, and will be an integral part of its Privacy Act System of Records in accordance with the Privacy Act of 1974 and maintained in the Education and Training System of Records 63 Fed. Reg. 264, 272 (January 5, 1998). These are confidential files accessible only to appropriate NSF officials, their staffs, and their contractors responsible for monitoring, assessing, and evaluating NSF programs. Only data in highly aggregated form, or data explicitly requested as "for general use," will be made available to anyone outside of NSF for research purposes. Data submitted will be used in accordance with criteria established by NSF for monitoring research and education grants, and in response to Public Law 99-383 and 42 U.S.C. 1885c.

Public Burden

Submission of the requested information is voluntary. Pursuant to 5 CFR 1320.5(b), an agency may not conduct or sponsor, and a person is not required to respond to an information collection unless it displays a valid OMB control number. The OMB control number for this collection is 3145-0161 (expires: September 30, 2008). Public reporting burden for this collection of information is estimated to average 20 minutes per response, including the time for reviewing instructions. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Suzanne Plimpton, Reports Clearance Officer for OMB Collection 3145-0161(LSC), Facilities and Operations Branch, Division of Administrative Services, National Science Foundation, 4201 Wilson Blvd., Suite 295, Arlington, VA 22230.

About how often do students in this class take part in each of the following types of activities as part of their science instruction? (Darken one oval on each line.)	Never	Rarely (e.g., a few times a year)	Sometimes (e.g., once or twice a month)	Often (e.g., once or twice a week)	All or almost all science lessons
a. Participate in student-led discussions.	①	2	3	4	5
b. Participate in discussions with the teacher to further science					
understanding.	1	2	3	4	(5)
c. Work in cooperative learning groups.	1	2	3	4	(5)
d. Make formal presentations to the class.	1	2	3	4	(5)
e. Read from a science textbook in class.	1	2	3	4	(5)
Read other (non-textbook) science-related materials in class.	1	2	3	4	(5)
g. Answer textbook/worksheet questions.	1	2	3	4	(5)
n. Review homework/worksheet assignments.	1	2	3	4	(5)
i. Work on solving a real-world problem.	1	2	3	4	5
j. Share ideas or solve problems with each other in small groups.	1	2	3	4	(5)
k. Engage in hands-on science activities.	1	2	3	4	(5)
1. Follow specific instructions in an activity or investigation.	1	2	3	4	(5)
m. Design or implement their <i>own</i> investigation.	1	2	3	4	(5)
Design objects within constraints (e.g., egg drop, toothpick bridge,					
aluminum boats).	1	2	3	4	5
Work on models or simulations.	1	2	3	4	(5)
. Work on extended science investigations or projects (a week or					
more in duration).	1	2	3	4	5
. Participate in field work.	1	2	3	4	(5)
Record, represent, and/or analyze data.	1	2	3	4	5
s. Write reflections in a notebook or journal.	1	2	3	4	5
. Prepare written science reports.	1	2	3	4	(5)
u. Use mathematics as a tool in problem-solving.	1	2	3	4	5
v. Use calculators.	1	2	3	4	(5)
v. Use computers.	1	2	3	4	5
x. Work on portfolios.	1	2	3	4	5
y. Take short-answer tests (e.g., multiple choice, true/false, fill-in-the-blank).	①	2	3)	4	(5)
z. Take tests requiring open-ended responses (e.g., descriptions,	<u> </u>			•	
explanations).	1	2	3	4	(5)
aa. Engage in performance tasks for assessment purposes.	1	2	3	4	5

D. LSC Professional Development

Questions 21-27 refer to the NSF-supported Local Systemic Change (LSC) program. Please refer to the cover letter accompanying this questionnaire for information about the LSC project activities and designated materials in your district. If you have not yet participated in LSC professional development, darken this ov: and skip to Question 26.

21.	To what extent is each of the following true of LSC science-related professional development in your district? (Darken one oval on each line.) Not at all							
	a.	I am involved in planning my science-related professional development.	1	2	3	4	5	
	b.	I am encouraged to develop an individual professional development plan to address my needs and interests related to science education.	①	2	3	4	5	
	c.	I am given time to work with other teachers as part of my professional development.	1	2	3	4	5	
	d.	I am given time to reflect on what I've learned and how to apply it to the classroom.	1	2	3	4	(5)	
	e.	I receive support as I try to implement what I've learned.	1	2	3	4	5	

63 62 61	22.	Approximately how many <i>total hours</i> have science/science education <i>since the LSC p</i>					rofessio	onal develo	opment in
