Team Planning Worksheet #5: Ensuring Continuous Improvement

Directions: Talk with your team member about ideas discussed during the continuous improvement breakouts that struck you as particularly helpful for your PD, then answer the following questions.

the following questions.	
1.	How will you know if the PD is implemented as designed?
2.	How will you know if the participating teachers: a. Consider the PD valuable?
	b. Are deepening their content/pedagogical content knowledge?
	c. Are applying what they have learned to their classroom practice?
3.	What mechanisms will you put in place to consider what you find out and to identify the implications for modifications for that group or future groups of teachers?
