

The El Paso Collaborative for Academic Excellence

Continuous Improvement for
School and District Leaders

Leadership Development

- Content-focused leadership
 - build content knowledge
 - develop capacity to implement effective classroom observations and assess quality and level of content, instruction and student engagement
 - develop effective questioning, and facilitation skills
- Student achievement data analysis and identification of classroom-level needs
- School Improvement Strategies

El Paso MSP Classroom Observation Protocol

The protocol is a locally developed classroom observation tool that focuses attention on key aspects of instruction, cognitive demand of learning tasks, student engagement, and classroom discourse.
